Re: Status of Site and Delinquent Fees, Kaibab Industries, Kaibab Millsite, S/017/038, Garfield County, Utah

Dear Mr. Hatch:

On October 24, 2000 we received a request to inspect your millsite. This placed the payment of your permit fees on hold until the inspection could be performed. You stated that the site was reclaimed and that you wanted the site released. An inspection was performed on October 25, 2001 (inspection report with photos attached).

During the inspection, it was determined that the site was not reclaimed as stated, and that it was actively being used to store ore piles. A phone call was placed to you on 1/28/02 informing you of the results of this inspection and that you would now be liable for all back fees as well as current fees. **This amounts to a total of \$350.00 which is due by the last Friday in July** (\$100.00 for year 2000, \$100.00 for year 2001, and now \$150.00 for the current year 2002). A billing statement is attached for your use.

If you have any questions regarding this matter please call me at (801) 538-5321 or Wayne Hedberg at (801) 538-5286. Thank you for your immediate response in bringing your permit current.

Sincerely,

Tom Munson  
Reclamation Specialist
